Biographical sketch:

Greg Curnoe (1936-1992), artist, lived most of his life in London, Ontario. He studied at the Special Art Program at H.B. Beal Secondary in London (1954-1956), the Doon School of Fine Arts (June-October 1956), and the Ontario College of Art (1957-1960). Curnoe married Sheila Thompson in 1965, and the couple had three children, Owen, Galen and Zoë. From Curnoe's early years, his hometown of London became the focus of his life and work, and he attracted much attention to its flourishing art scene. In 1962, he organized the first happening and the first artist-run gallery (the Region Gallery) in Canada. Curnoe played a key role in the founding of the Nihilist Party (1963) and the Nihilist Spasm Band (1965). He began making stamp books in 1962, and has been considered the first maker of artists' books in Canada. He founded the Forest City Gallery in 1973. Curnoe took up competitive cycling in 1971, and it remained a passion and ingredient in his art-making for the rest of his life. Over the course of his career, Curnoe was awarded numerous Canada Council and Ontario Arts Council Grants. From 1964, Curnoe exhibited nationally; in 1969 he represented Canada at the Sao Paulo Bienal in Brazil, and in 1976 at the Venice Biennale. He died in a traffic accident while cycling in 1992. Curnoe was the subject of a National Gallery of Canada retrospective in 1980, and the AGO exhibition *Greg Curnoe: Life & Stuff* in 2001. His work is to be found in all of Canada's major public collections, as well as many private and corporate collections.

Scope and content:

Fonds consists of the personal and professional records of Greg Curnoe. It includes such textual documentation as writing files; correspondence; project files including grant applications, records of the National Gallery retrospective exhibition, and Curnoe's published writings; notebooks and journals kept by the artist, including his cycling journals; and a number of bookworks. Visual material includes numerous sketchbooks and works on paper as well as extensive photographic documentation of Curnoe's studio, social and professional activities, exhibitions, family life, and art work. Also included are printing blocks and rubber stamps used in Curnoe's art making. The fonds contains audio and audiovisual material which records important events and ideas in Curnoe's life. The fonds includes two pop culture collections relating closely to Curnoe's art practice: his collection of buttons and his collection of regional pop bottles. Titles not in brackets follow Curnoe's original folder names.
